## SIX ARRESTED FOR DISPOSING OF 'FRIO' BEER

After Four Days of Activity, Such as Marked the Balmiest Period When Arizona Was "Wet," Sale is Suddenly Stopped

### RAIL IS FIXED AT \$600 EACH

Analysis is Made of Product and, According to District Attorney, Found to Contain 3.4 Per Cent of Alcohol

After four days of such activity as marked the balmiest period when the saloons were wide open, the Anheuser bar and the Central bar, where "Frio" beer on draught and in bottles, had been on sale during that time, were closed at 8:30 o'clock last evening with a bang. Hundreds of thirty individuals who were crowding the bar and clamoring for the "beer," manufactured by the Copper City Brewing Company of Douglas, and labeled to contain not more than one-half of one per cent alcohol, were turned away when six proprietors and bartenders were arranging for bail before Justice of the Peace Frank De Souza.

Charged with having sold, dispensed or disposed of "certain intoxicating liquor," Joseph Thalheimer, proprietor of the Central Bar and Hotel; John M. Young, Frederick Dammert and Andrew Karpfmeier, bartenders at the Central; and John J. Elliott and O. B. Hall, operating the Anheuser, were arrested by sheriff's deputies last evening and admitted to \$600 bail each for appearance at a preliminary hearing before Justice De Souza. The hearing of Elliott and Hall was set for ten o'clock Monday morning, and that of the other four for two o'clock Wednesday afternoon. Before leaving Justice De Souza's office, Mr. Thalheimer wrote out his personal check for \$2400 as a guarantee that he and his bartenders would be on hand at the hour set for the hearing. Elliott and Hall gave surety bonds for their appearance.

The arrest of the proprietors of the Anheuser and the Central, together with the bartenders of the latter establishment, came as a surprise to the general public, but those taken in custody had been informed that samples of the "beer" they were dispensing were being analyzed and that upon the report of the chemist would depend the action that would follow. At the time the samples were taken Elliott, Hall and Thalheimer announced they had no fear of the analysis as the "beer" was guaranteed by the manufacturers to be non-intoxicating and therefore not amenable to the prohibition amendment. The report of the analyst was not made until shortly after five o'clock last evening and the arrests were made some time thereafter as it was possible to file the complaints and secure the warrants.

Against each of those arrested there were from four to six complaints and a corresponding number of warrants. Only upon one of each of these warrants were the defendants required to furnish bond, being released upon their own recognizance for appearance to answer to the additional complaints.

According to District Attorney Clyde M. Gandy the analysis of the "beer" showed it to contain at least 3.4 per cent alcohol. Analysis was made first of the draught "beer" and then of the bottled product. In each instance, according to Gandy, there was a good percentage of alcohol reported.

The arrests were effected simultaneously. While Undersecretary Billy Woolf and George Sears visited the Anheuser, Deputy Jim Murphy and Ed Lake said their respects to the Central. They secured samples of the "beer" and then made the arrests. Elliott was the only one arrested at the Anheuser, but Hall was found at his home a few minutes later and brought with Elliott before Justice De Souza. At the Central about the same procedure obtained.

At the Anheuser when the officers entered, no draught "beer" was being sold, the supply having been exhausted. There was plenty of the bottled product on hand and this

## Rockefeller Completes First Week of Inspection Tour

PHOENIX, Sept. 25.—John D. Rockefeller, Jr., tonight completed his first week of the inspection of the properties of the Colorado Fuel & Iron company. He spent the day in the mines of Fremont county. On Monday he will begin a series of conferences with company officials from Denver on what policies will result from the inspection trip.

Since Monday, Rockefeller has

## RUSSIANS GAIN IN SOUTH BUT GERMANS BATTER AT DVINSK

### NEW YORK GUARDSMEN AT MANEUVERS

NEW YORK, Sept. 25.—What the soldiers of New York city are capable of doing in time of war was demonstrated when ten thousand national guardsmen engaged in maneuvers before thousands of spectators. Governor Whitman of New York and Governor Walsh of Massachusetts witnessed the maneuvers. The construction of pontoon bridges and work on ground mines was shown.

## GERMANS MAKE AN ATTACK IN DIVINA REGION

Most Important Operations Are Now in Progress Along Russian Front Centering About Baranovich, Molodechno and Dvinsk

[ASSOCIATED PRESS DISPATCH]

PETROGRAD, Sept. 25.—Most important operations are now in progress along the Russian front centering about three points—Baranovich, Molodechno and Dvinsk. The struggle was brought on by the new German movement against Dvinsk and has been under way for several days. The Germans are making a determined attack in the Divina river region and pushed their lines within a day's march of Dvinsk.

The city itself is not within the direct sphere of military action, although the situation is regarded by Russian officers as "extremely serious."

The invaders are pushing forward on both sides of the high road between Novo Alexandrovsk and Dvinsk in the vicinity of Lakes Drevnitsa and Obol, twenty miles south of Dvinsk.

This success of the Germans is offset by the Russian victories, further south, along the Oginski canal, and the Stry and Stokhod rivers, from which the Teutonic forces have been cleared. The Russians report that many prisoners have been taken there.

More important still was the recapture of Lutsk, a strong position regarded as the key to the entire field of operations in the southwest. Four thousand prisoners are said to have been captured in this action.

The railway junction to Baranovich is under heavy attack, the Germans having forced the Shara river and progressed to Myschanka, where they encountered a large body of Russians. A battle is raging within cannon shot of Baranovich.

[ASSOCIATED PRESS DISPATCH]

PETROGRAD, Sept. 25.—Reports say that fierce fighting has been renewed in the Divinsk region. The Germans are using large quantities of new asphyxiating shells.

[ASSOCIATED PRESS DISPATCH]

NEW YORK, Sept. 25.—Negotiations towards the establishing of a half billion credit for Britain and France made little apparent progress. No one in close touch would deny the credit report that the commission had submitted to their governments a rough draft of the terms satisfactory to American bankers, and is

awaiting a reply before proceeding.

One report denied that the commission intended to depart for Europe next Saturday. There appeared to be no change in the reported tentative terms of the loan, the maximum to be half a billion covered by an issue of 5 per cent French five year notes bearing 5 per cent interest, to be sold to the investor for less than par.

## Loan Coming Slow

driven hundreds of miles over mountains and plains in an automobile, has dug coal descended shafts, eaten beefsteak and beans in the miners' boarding-house, and danced with the miners' wives and daughters. Beneath the surface of these stunts was a steady current of serious investigation. He has avowed his intention to study at first hand labor conditions as a result of the tragic strikes of 1913 and 1914.

## BULGARIA NOT ARMING TO TAKE THE OFFENSIVE

Semi-Officially Stated That Bulgaria Has Merely Declared an Armed Neutrality Like Countries of Holland and Switzerland

### WILL CONTINUE NEGOTIATIONS

Statement Further Says Bulgaria Has Not Slightest Aggressive Intention, But Has Resolved to Arm to Defend Her Rights

SOBIA, Sept. 25.—It is semi-officially stated that Bulgaria has merely declared an armed neutrality like Holland and Switzerland and will continue negotiations with the two groups of belligerents.

[ASSOCIATED PRESS DISPATCH]

LONDON, Sept. 25.—A Sofia dispatch says a semi-official statement made, says:

"The entry of Bulgaria into a state of armed neutrality is according to the view of government circles, explained by the changes recently in the political military situation. Bulgaria has not the slightest aggressive intention, but has resolved to be armed to defend her rights."

"Following the example of Holland and Switzerland, Bulgaria is obliged to arm herself in order to defend her neighbors and the danger threatening her from the fact of the Austro-German offensive against Serbia, to proclaim an armed neutrality while continuing her conversations with representatives of the belligerent groups."

[ASSOCIATED PRESS DISPATCH]

BERLIN, Sept. 25.—A Sofia dispatch says that all danger of a split in the Bulgarian cabinet has been averted. Opposing leaders opposed to military measures declare their intention to support Premier Radoslavov.

## CATTLE LOANS TO SOLVE THE HAY PROBLEM

Eastern Capitalists Organize New Company That Will Enable Rancher to Convert Alfalfa into Beef Here in Valley

### MEN BEHIND NEW CATTLE LOAN CO.

Ignaz Schwinn, president Excelsior Motor Mfg. Co., Chicago. T. R. Palmer, president Continental Rubber Works, Erie, Pa. George S. Lewis, vice president and manager, Mead Cycle Co., Chicago.

F. A. Crandall and H. E. Otte, vice presidents National City Bank, Chicago. F. K. Lewis, president Central Bank of Phoenix and Anchor Trust Co., Wichita, Kans. W. B. Crandall, Wichita, vice president Anchor Trust Co. Lloyd B. Christy, vice president Central Bank of Phoenix. Richard E. Sloan, attorney, Phoenix. James A. Johnson, chairman live stock sanitary board of Arizona. George Day, cattleman, Phoenix.

[ASSOCIATED PRESS DISPATCH]

Backed by men whose names represent millions in the financial circles of the country, the Central Cattle Loan company, the first of its kind to enter the Arizona field, was incorporated yesterday. The new company which has its main offices in this city, will do a cattle loan business in Arizona and New Mexico. The capital stock is \$100,000, half of which is already paid up. With its large resources, the company will be prepared to loan almost unlimited amounts on feeder cattle, thus enabling the farmers of the valley to solve the problem of a market for alfalfa by turning it into beef in which field arrangements have already been perfected with eastern banks to handle the paper, other details of the organization are practically completed, and it is expected that the company will open for business October 1.

"The market problem here, as in other alfalfa growing regions, is one that can only be solved by feeding cattle," declared P. K. Lewis, president.

## QUIET ALONG BORDER BUT PRECAUTIONS ARE TAKEN BY REGULARS

No Further Fighting is Reported in Vicinity of Brownsville, But Officers Will Forestall Repetition of the Outlawry

### PRIVATE JOHNSON IS ALSO MISSING

In Addition to One Man Killed and Another Wounded, Third Soldier Not Accounted for Despite All-Day Search

[ASSOCIATED PRESS DISPATCH]

BROWNSVILLE, Sept. 25.—There was no further fighting in this vicinity today but it is apparent that army officers are taking extra precautions to forestall a repetition of outlawry. Private Richard Johnson, reported missing after yesterday's battle has not been found.

According to the information Private Johnson was a member of the detail of three men that was left on the banks of the Rio Grande by a detachment of cavalrymen which engaged in the fight later. The two others reported they were unable to say what became of Johnson.

The body of Private Henry Stubbfield killed at Progresso was brought here. Details that Carranza soldiers took part in the fight were reiterated by Carranza authorities at Matamoros.

[ASSOCIATED PRESS DISPATCH]

Defenses Are Strengthened  
DOUGLAS, Sept. 25.—Following the receipt of the news that Villa forces are to enter Sonora through the San Luis and Pulpis passes, the defenses are being strengthened by the vanguard forces of General Calles.

[ASSOCIATED PRESS DISPATCH]

All Disclaim Responsibility  
WASHINGTON, Sept. 25.—General Funston and General Nafarrete, Carranza commander, both disclaim for their men responsibility for the fighting near Progresso in which one American trooper was killed and an officer wounded. General Funston says his men repelled a raiding party which fled across the border under the protection of Mexican soldiers in uniform. Carranza claims that none of his troops were in that vicinity.

A full report of the recent border fighting was made to the state department today by the war department. This states that in no case have the American troops begun the fighting and admitted that civilians in Texas provoked some of the attacks. Officials are puzzled at the situation. Carranza ordered General Trevino to make an investigation. Until authentic information is obtained regarding the cause of the raids, the policy of the American government will not change.

In explaining the visit of General Felipe Angeles to Washington, the Villa agency issued this statement tonight:

"General Angeles wishes to state he has arrived in Washington as a member of the delegation appointed by the military chiefs of the provisional government to represent it in the peace conference planned in accordance with the invitation of the Pan-American conference of August 2."

[Published reports. The General (Continued on Page Twelve)]

[ASSOCIATED PRESS DISPATCH]

PRINCETON, Wis., Sept. 25.—The bodies of Captain Robert Mueller, former teller of the First National bank of Milwaukee, an officer of the Wisconsin National Guard and a member of the governor's staff and his wife were found among the smoldering ruins of their summer cottage at Puckaway Lake.

[ASSOCIATED PRESS DISPATCH]

When the bodies barely touched by the flames, had been removed from the wreckage, it was discovered that the heads of both had been beaten in. Gashes and cuts were found on the scalp and face of each. Friends and acquaintances could imagine no reason for the slaying.

[ASSOCIATED PRESS DISPATCH]

SAN FRANCISCO, Sept. 25.—Three attorneys, an automobile dealer and a real estate agent, all of this city, were arrested under indictments charging eighteen California and Oregon men with conspiring to use the mails to defraud. The alleged scheme consisted of inducing people to pay fees for filing on Oregon timber land which was held by the Oregon and California railroad company and not open to settlers.

The five arrested were W. Nicholson, Franklin Bull, Norman Cook, D. Connors and Byron Sanford. All gave bail except Sanford.

The alleged scheme, according to the officers, involved one hundred million dollars' worth of land. Investigators claim that thousands of persons all over the country were defrauded. Three million dollars is alleged to have been netted by the swindle. The men indicted, according to the officers, told their clients, for the most part working people of limited means, that it would not be

### TWO BROTHERS DIE IN MINE SHAFT

CRIPPLE CREEK, Sept. 25.—Thomas Ward and his brother James, leasers of a mine, were killed when the cage caught on timbers and precipitated them three hundred feet to the bottom of the shaft. Their bodies were badly mangled and were not recovered from the pool of water at the bottom for two hours.

## LONE RANCHER DRIVES BANDIT BAND TO COVER

J. B. McAllen, Finding His House Surrounded, Greets Invaders With Shotgun and Finally Drives Entire Band into the Brush

[ASSOCIATED PRESS DISPATCH]

HOUSTON, Sept. 25.—Details of an attack by Mexicans on his ranch in Hidalgo county thirty miles north of Mission, were given out by J. B. McAllen, a millionaire pioneer, who, single-handed, beat off the Mexicans after killing two and wounding three.

The fight on the McAllen ranch continued for twenty minutes during which time the bandits fired not less than 200 shots, while McAllen did not fire more than twenty.

"With the exception of the cook, a Mexican woman, I was alone," said McAllen. "I had just sat down to dinner when I saw a Mexican peering through a blind and I knew I was surrounded."

"The leader demanded my presence before him. I picked up a shotgun and stepped into the doorway and fired. The leader tumbled off his horse at the first shot. The horse fell at the second. I then turned by attention to another man, bolder than the rest, and had the satisfaction of seeing part of his head go off."

Three others who failed to conceal their legs behind a rock pile received further attention. Finally, they dragged themselves to the brush and made their escape. Then the others followed them. Shots fairly rained about me during the encounter."

[ASSOCIATED PRESS DISPATCH]

AUTO BANDITS ESCAPE  
NEW YORK, Sept. 25.—Three men sprang from an automobile to a crowded sidewalk in broad day light, blackjacked Charles Fried, a cashier, robbed him of a satchel containing two thousand dollars, jumped back into the automobile and sped away before an alarm was given to the police. The crowd made no attempt to interrupt the bandits. Fried was taking the money to a bank.

SAN ANTONIO, Sept. 25.—Acting on information contained in a letter said to have been written by a Mexican, federal officers arrested Pietro Garcia on a charge of inciting insurrection against the United States. Warrants were issued for five more men. Department of justice officials say the plot involves a large number of other Mexicans.

A letter written in this city and

## STRIKE'S END NEAR; MEETING IS AGREED ON

Following Adoption of Resolution Waiving Recognition of Federation, Operators Announce They Are Ready to Confer

### THE MEETING IS SET FOR TODAY

Late Advances from Clifton Cause Optimistic View of Situation—Full Text of Resolutions Adopted by the Miners

[ASSOCIATED PRESS DISPATCH]

CLIFTON, Sept. 25.—At eight o'clock this evening, it was officially announced that a conference had been arranged between mine operators and employees for eleven o'clock tomorrow morning. Representatives of the employees said they were satisfied that every difference would be settled at tomorrow's meeting, and that the strike would be over within a short time.

[ASSOCIATED PRESS DISPATCH]

CLIFTON, Sept. 25.—As a result of subsequent mass meetings held among the employees at Morenci, Clifton and Metcalf on Friday and today, indications are that a conference between the employees and mine owners will be speedily arranged although there has been no official announcement yet. The following resolutions were unanimously adopted at these meetings:

"WHEREAS the employees in the mining industry of the Clifton-Morenci-Metcalf districts have been on strike, and

"WHEREAS the mine managers of this district have declared their willingness to meet a committee of their employees, elected for and by their co-workers, provided that they declare their willingness to return to work and would return upon adjustment of differences, and further that they would not ask for recognition of the Western Federation of Miners now or at any time, and

"WHEREAS workingmen always desire the continuous operation of industry in order that they might have steady employment, and furthermore that the workers of this district did not go out for the benefit of any organization but struck for an adequate and just compensation for their toll and the exercise of their rights as citizens and men,

THEREFORE, be it resolved by the strikers of the Clifton-Morenci-Metcalf district that we do comply with the conditions which the mine managers have declared essential preliminaries to the holding of a conference and the adjustment of differences, that we have no intention of asking for the recognition of the Western Federation of Miners now or at any other time, this to the end that industrial peace may be speedily restored and mutual respect and good will obtain in the relations between employers and employees.

"Ratified by unanimous vote of strikers in mass meeting held at Morenci and Clifton on the 24th day of September and at Metcalf on the 25th day of September, 1915."

[ASSOCIATED PRESS DISPATCH]

TELLS OF BOMBARDMENT  
LONDON, Sept. 25.—The Amsterdam correspondent of Reuters sends an account of the bombardment of Zebrugga by the British squadron. He says the squadron consisted of five large warships and twenty-five smaller vessels. Two of the big ships fired heavy guns. The German batteries replied. A big column of smoke rose about the city apparently caused by the shell fire of the British vessels in order to establish a target. The German aeroplanes were active and a captive balloon also ascended from Zebrugga.

[ASSOCIATED PRESS DISPATCH]

HURRICANE IN KINGSTON  
KINGSTON, Sept. 25.—A hurricane is prevailing here. Most of the outlying districts are cut off from communication with the city. The extent of the damage is not known.

[ASSOCIATED PRESS DISPATCH]

addressed to a man in Hidalgo county was found on the addressee and through him traced to the author. Among other things he said: "We now have two hundred rifles and four thousand rounds of ammunition. Be prepared for the day as recruiting is progressing. We are assured of support. Get dynamite but keep it a secret, and destroy this letter as soon as read. Let us not lose hope. This land will soon be ours."

[ASSOCIATED PRESS DISPATCH]

Incites Insurrection Against United States is the Charge

[ASSOCIATED PRESS DISPATCH]

San Antonio, Sept. 25.—Acting on information contained in a letter said to have been written by a Mexican, federal officers arrested Pietro Garcia on a charge of inciting insurrection against the United States. Warrants were issued for five more men. Department of justice officials say the plot involves a large number of other Mexicans.

A letter written in this city and
